Profile

Full-Stack Developer with 2+ years of experience building innovative web applications using modern technologies like ReactJS, Angular, TypeScript, Spring Boot, and MySQL. Proven ability to collaborate effectively in a team environment and deliver high-quality, scalable code. Eager to leverage expertise in a challenging role at a progressive organization.

PROFESSIONAL SUMMARY

2024/01 – 2024/08

Analyst / Software Engineer

Capgemini

- Successfully led the development and deployment of a complex web application, utilizing Angular, MySQL, Git, and SonarQube to ensure code quality and maintainability.
- Collaborated effectively with a cross-functional team to design, implement, and test application features, fostering a collaborative and efficient work environment.
- Utilized Angular best practices to build scalable and maintainable code, optimizing application performance.
- Integrated MySQL database for efficient data storage and retrieval, enhancing user experience.

2022/11 – 2023/11

Analyst/Software Engineer

Capgemini

- Successfully developed and deployed a bed availability portal application, incorporating a user-friendly interface built with HTML, CSS, and ReactJS.
- Conducted rigorous testing to ensure accurate bed availability information and optimize the portal for responsiveness across various devices and screen sizes.
- Contributed significantly to the development of the UI component of a GEN AI Chatbot, leveraging my expertise in front-end development.

2022/08 – 2022/10

Internship Trainee

Capgemini

- Gained a comprehensive understanding of various technologies including Java, Spring Boot, Microservices, ReactJS, HTML, CSS, and databases.
- Utilized development environments and tools like Eclipse, IntelliJ IDEA, VS Code, and Postman to streamline development processes.
- Enhanced proficiency in database management with PostgreSQL and MongoDB Atlas.
- Successfully developed a Proof-of-Concept (PoC) for a hotel management system, integrating the aforementioned technologies and tools.
- Collaborated effectively with team members to troubleshoot and optimize application performance.
- Developed skills in both front-end and back-end development through hands-on project work.
